

Reflection/Flip Tessellation Design Steps.

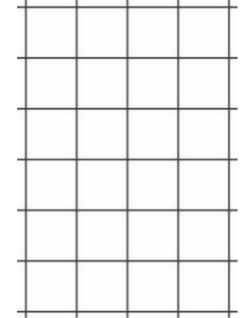

1. Make Template with new dog profile

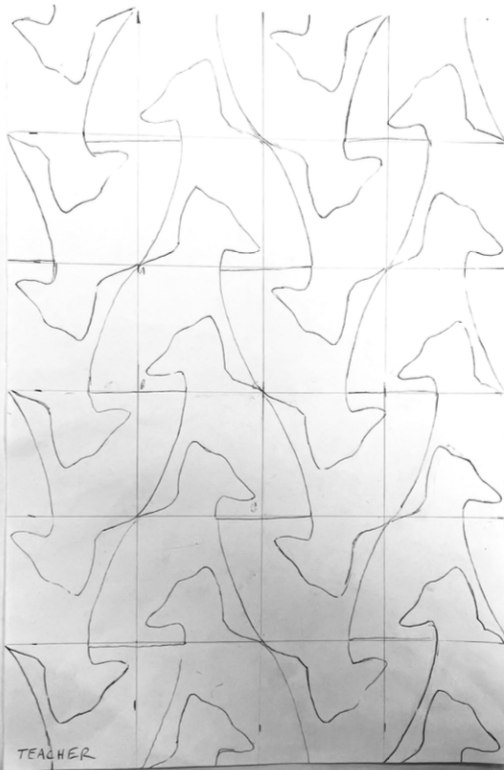

2. Fill out worksheet. Design and shade/color two theme related dogs and upload to google Classroom (10 Points)

3. Draw 3" grid on your paper. You should have 24 squares

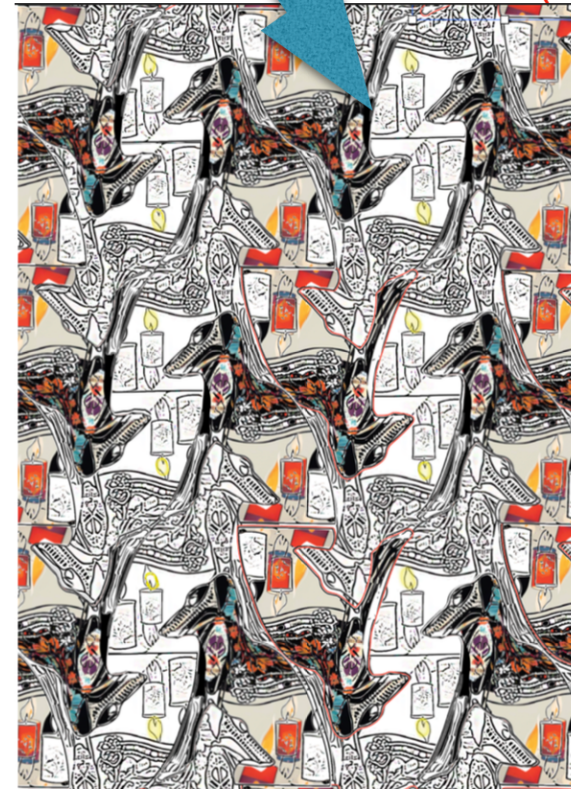

4. Trace design using the template. Make sure to use the grid so it flips and reflects.

5. Add outline details to template.

6. Add shading or color to design

7. Upload to google Classroom (30 Points)
