Study Sheet: Birth of Perspective

Why didn't artists master perspective before the Renaissance?

What new field of study caused this increased interest in creating realistic art?

Masaccio pioneered what style of realistic art?

What are some elements of Humanism that became important during the Renaissance?

What are some elements of this style in Masaccio's *Tribute Money*?

What impact did Renaissance Naturalism have on art? (Think about how the approaches to traditional subject matter changed.)

List two people for whom visual art was *not* a primary focus that made important contributions to Renaissance art.

How did this man change the artist's approach perspective?

According to this man, what constitutes beauty in art?
