

# 5-point perspective City Project

Directions: Write 2 sentences for each question below and upload to google classroom when you are done.

By writing out your ideas it help you think about what your project will look like and how to make it more interesting. You will get full points if all the areas are complete and you write at least 2 sentences for each question.

1. Look at the example projects. Describe the one that you like best. Why do you like it? What part do you like best? Why?

2. What is your theme of your city going to be (main topic)? Why did you pick this theme?

3. What objects are you going to have in your city that make your drawing interesting? Where will you put those objects?

4. What colors are you going to use? Where will you use the colors and for what purpose?

5. What color paper is the background going to be? How will that add to the drawing?

6. How is your project going to be unique and different than the other street level view projects? Explain

You can go to the class website to look at the example projects in color. <https://www.theelementsofart.com/5-pointperspectivecity>
