

Reflection "Flip" Tessellation - Dog steps for tracing the outline edge.

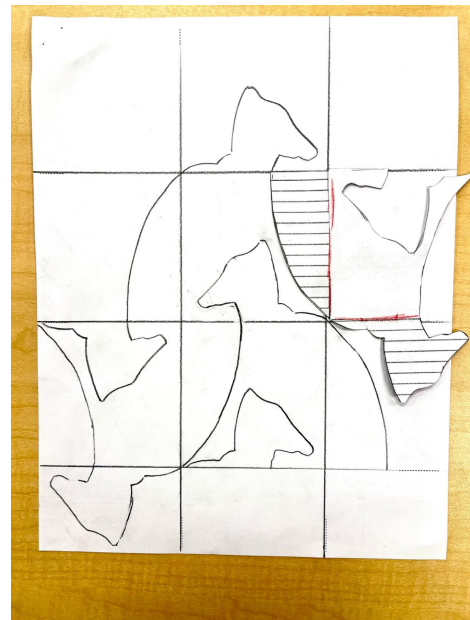

1. To start trace the dog making sure the vertical and horizontal line of the original square lines up with the grid.

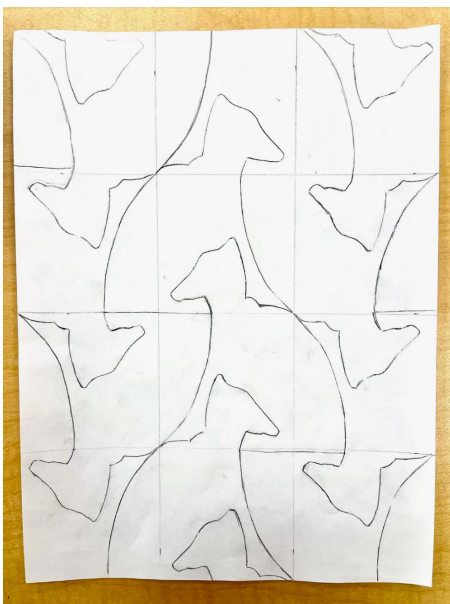

2. Flip over the template and trace below.

3. Turn the dog template upside down and line up the vertical and horizontal line of the original square lines up with the grid.

4. Continue to trace in the designs until the entire paper is filled up. Remember there should be no gaps or overlaps.

5. Finish tracing and then you can move on to the next step adding details and shading.
